The staff of the 1960 Sagitta is proud to present this yearbook. We leave this book behind us as a record of our accomplishments during our high school career, especially those of our senior year. Each senior has contributed in some way to its context, whether he was an avid student, athlete, or a combination of both. In the following pages one is able to see us as we are today, seniors in high school. One may read the glory of victory which we were proud to bring to our school both scholastically and athletically.

There is much work and responsibility in the publication of a yearbook. We would like to thank Mr. Kennedy, our yearbook advisor, for his time, patience and guidance, and the faculty for their kind cooperation with us.

Each of us has attempted to capture in pictures and words our life at Suffield High School, so that many years from now, we will be able to open this book and recapture our happiest days, with all the vibrant joy, sudden sadness, and hectic fun. We have strived to create a yearbook that will do this, realizing that we will never pass this way again.

Dedication

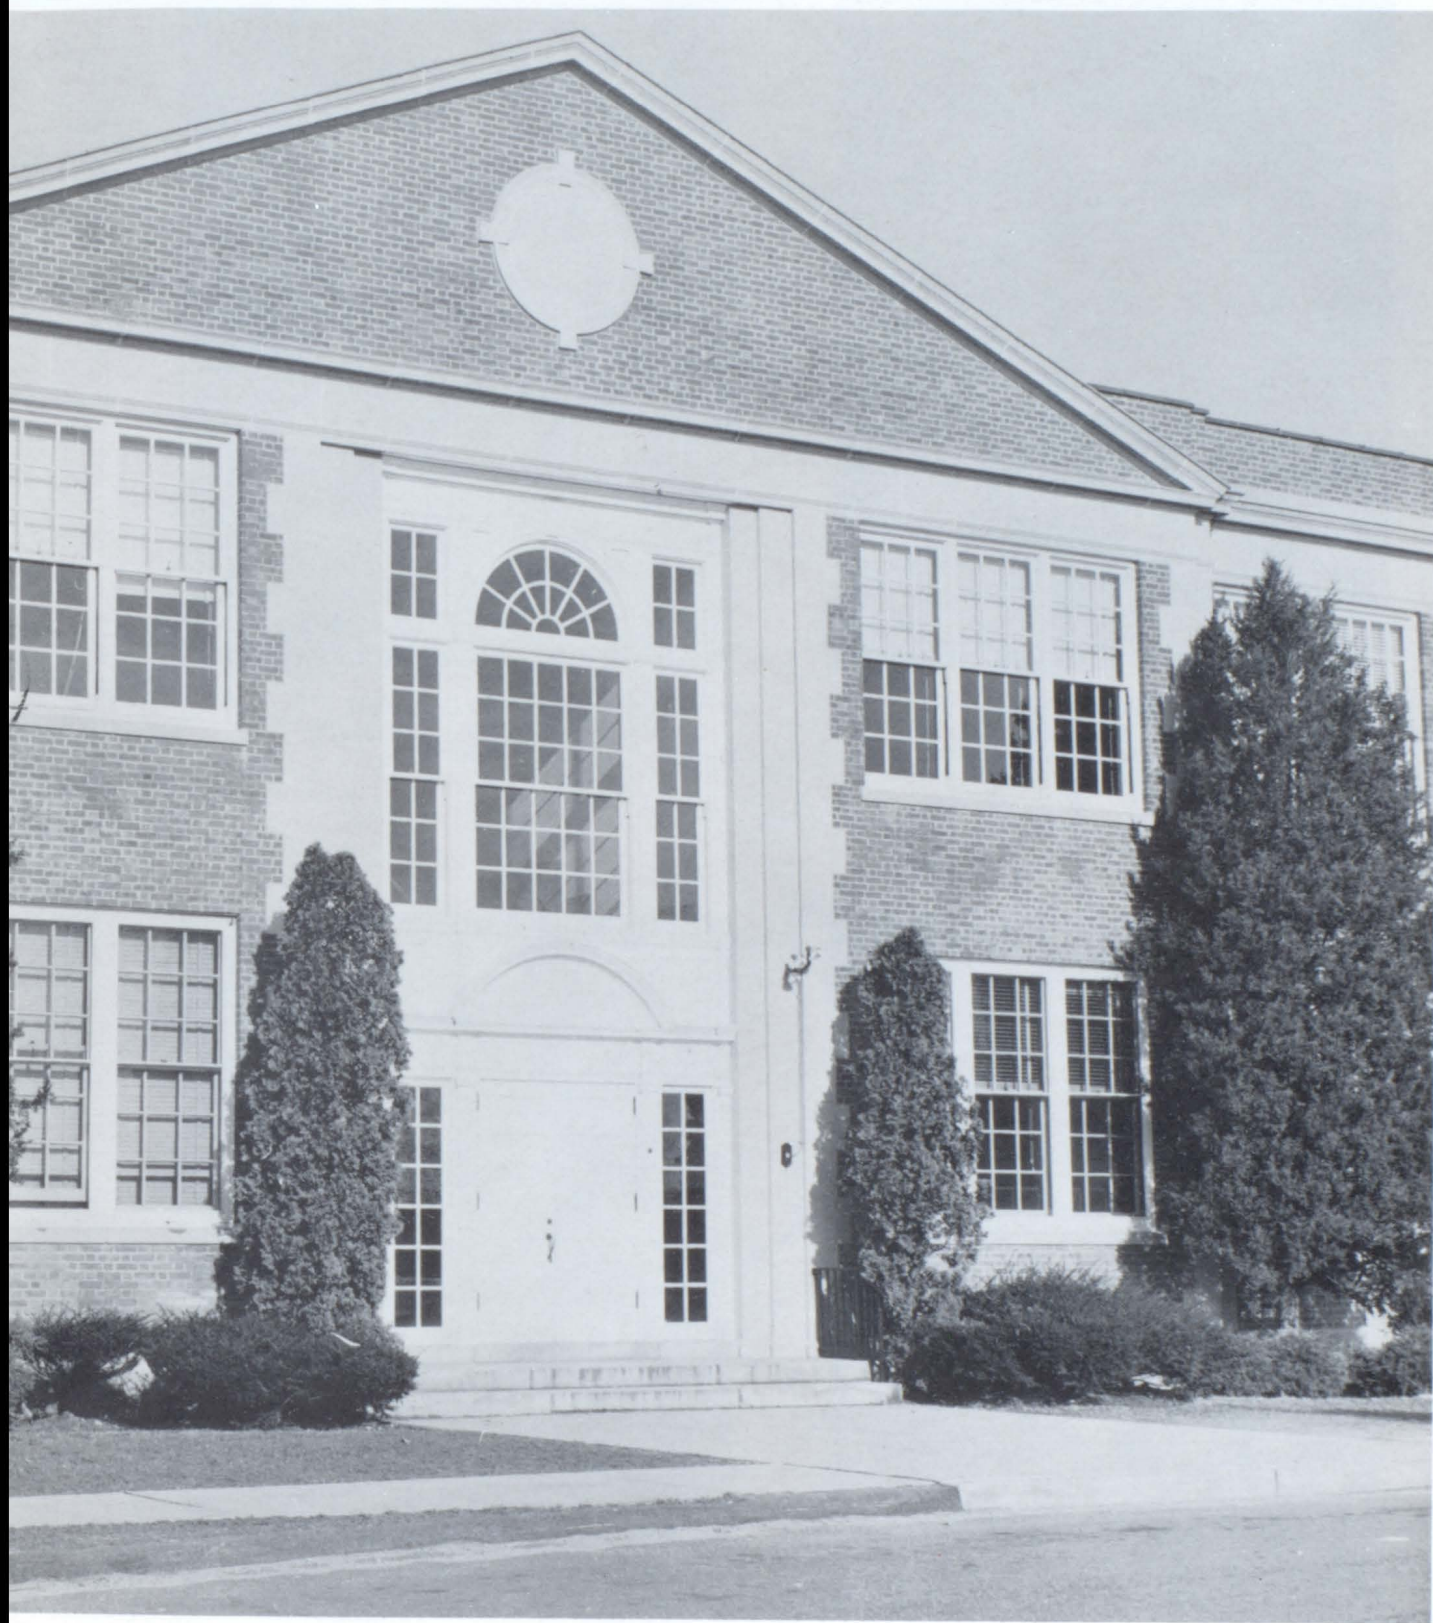

We of the class of 1960 are proud to dedicate our yearbook, the "Sagitta," to our advisors. To Mrs. Ganley and Mr. Kennedy who have been with us for all six years goes our heartfelt gratitude for their understanding guidance. Our special thanks go to Mr. Shields who joined us in our senior year. Although he was only with us for one year, we benefited from his experience, knowledge, and warm personality. This dedication would be incomplete without mention of Mr. O'Malley who, although he left us in our junior year, will always remain in our memory.

Each has helped us through our high school career, guiding us, counseling us, and trying his best to make each of us a good citizen. We hope to prove with our lives that their efforts have not been in vain.

It takes a little courage
And a little self-control
And some grim determination,
If you want to reach the goal.
It takes a deal of striving
And a firm and stern-set chin,
No matter what the battle,
If you really want to win.
There's no easy path to glory,
There's no rosy road to fame.
Life, however we may view it,
Is no simple parlor game;
But its prizes call for fighting,
For endurance and for grit;
For a rugged disposition
And a "don't-know-when-to-quit."
You must take a blow or give one,
You must risk and you must lose,
And expect that in the struggle
You will suffer from the bruise.
But you mustn't wince or falter,
If a fight you once begin,
Be a man and face the battle—
That's the only way to win.

Talk about a "cozy" double date!

"Duhhh——"

"Togetherness"

A penny where your thoughts are?

Physics Follies.

Six sexy soccer sweetsies.
